TO WHOM IT MAY CONCERN:

**HOME & PROPERTY OWNERS, FUTURE OWNERS AND
NON-LICENSED INDIVIDUALS**

The Town of Ludlow Department of Inspectional Services will not issue electrical permits to perform electrical work to any un-licensed individuals or entities, pursuant to M.G.L. Ch. 141, Sect. 1-A and Ch. 143, effective March 1, 2010.

The effect of this, generally, is that homeowners will engage an electrician to do the work and that said licensed electrician will pull the necessary permit.

This will trigger the proper inspections to take place for the work done.

Sincerely,

Antonio Portelada
Electrical Inspector
