

Special Wastes Disposal Info

Used Paint Disposal

What Kind of Paint?:

- Oil Base or Latex

Empty Cans:

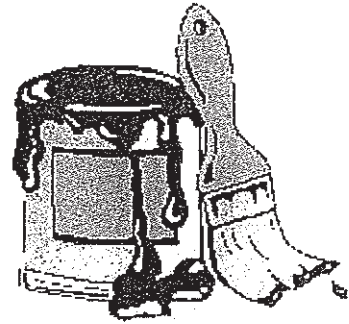

- Remove the lid and let dry completely to a solid state. Place in your trash. If it does not completely dry treat as a partial can.

Partially Full Cans:

- Remove the lid. Pour in absorbent kitty litter. Stir the mixture. Let dry to a solid state -- usually happens overnight. Test to see there is no liquid residue. If there is, repeat the procedure. Once paint is completely dry, place can without lid in the trash. Place lid separately in the trash.

Wilbraham Only:

- For Information about paint shed use, contact Ron Lavoie, 596-2800 at ext. 225.

Waste Oil Disposal

East Longmeadow:

- Take to the Town's Transfer Station behind the Police Station, residential only, sticker required (no limit).

Hampden:

- Return to vendor per State law*, free of charge.

Longmeadow:

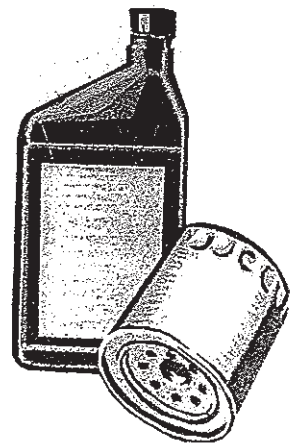

- Take to either of the Mobil Gas Stations in Town, free of charge (one gallon limit).

Ludlow:

- Take to the Town's Transfer Station during regular hours of operation, sticker required.

Wilbraham:

- Return to vendor per State law* OR to PEP Boys, 1177 Boston Road (5 gallon limit) OR to Auto Zone on Parker Street (3 gallon limit). Call 596-2800, ext. 225, for more info.

**State law requires vendors who sell oil to take it back.
A receipt is required and the oil must be in the original container.*
